Branch

Subject Excise Administration Report for the Year 1902-03 subd with the Excise Commissioner's Letter No 3699 dy 31.10.1903 170.

Interleaved copies of the Report have been submitted. The figures utilised in its preparation are the preliminary ones and not the final ones since there is no information to presume to the contrary for there has been no reply from the Comptroller to a Communication from this office calling for an explanation as to why final figures of the Excise dept could not be supplied to the Excise Comr to facilitate the preparation of the Report for its submission to Govt before the due date. This reference was made to the Comptroller at Excise Commissioner's instance reporting that the Comptroller ~~was unable to~~ expressed himself to be unable to furnish final figures before December 903.

A draft review has to be prepared on the Report.

The Excise Comr states that the Press.

Dear Sir,

Herewith I enclose a draft review of the Excise Administration Report. It is, I believe, much too long, but I have let it remain as it is, since it is must necessarily undergo many more

Additions and alterations in your Office.

I have not incorporated Seay's remarks against pars 31 and 33, as I was doubtful whether they ought to go into the Review or ought to form the Subject of a separate Communication.

Principal: Dear Sir,

Yours faithfully

H Dasabba

15.12.03

B. Ramaswami Iyengar Esq.

Exe. Dr.

As regards 31- How many of the 89 cases referred to are still pending.

As regards 33. At what date is the bill relating to bills of dates drawn

31/12

Ruled

(1) all the cases ~~heard~~ disposed of. Some claims have been disposed of.

(2) The file re. bills of date grouped has been sent to 2nd Councillor's Secretary on 11/12/03 & it has not been returned to Office yet.

General Clerk - 31/12/03

Ruled

1) The incorrectness of figures in para 5 of the report pointed out by Mr Dracup, Cert. Comm, seems to be due to some mistake in calculation. This may be rectified when the Cert. Comm. & the Pers in charge to make the correction.

2) There has been a decrease in the Consumption of cereals in the Madras & Travancore States. This is clear on a comparison of Ap. I for the 2 yrs. [illegible] in percentage is too small to be reckoned unless produced to 2 places of decimals. The remarks of the Cert. Comm. may therefore stand

Office Draft.

Progs. of the Govt. of H. H. the Maharaja of Mysore.

Read:

The Annual Excise Administration Report for the year 1902-3 received with the Excise Commissioner's letter No. 3699/170, dated 2nd November 1903.

Order:

Government note with approval that the present report has been curtailed considerably and submitted within due date.

1. Arrack.

There was an increase of about 26 per cent in the quantity of spirits transported to the Bonded Depots from the

from the Central Depot.

Paras 9&10.

The ratio of shops to population and area was almost exactly the same as in 1901-02, and, as usual, was highest in Bangalore City and the Kolar Gold Fields. There was a small increase ofsix in the number of separate shops.

Para 11.

In the sale of spirits from the Distillery and Bonded Depots, there was an increase of about 30,000 gallons over the previous year, which is attributed mainly to the increased prosperity of the season and the cheapness of food grains.

On the Kolar Gold Fields it was found necessary to fix the retail price of arrack at 2 annas per Mysore dram, in order to prevent vendors from selling at such exorbitant rates as 2½ or 3 annas per dram, as they had been doing previously.

Para 12.

The incidence of consumption per

per head of population rose from 2·8 drams in the previous year to 3·1 drams. There was a general increase in all the Districts, but notably on the Gold Fields, where the incidence of consumption rose from 77·5 to 101·4 drams, and that of taxation from Rs 9-15-11 to Rs 12-8-10, per head of population.

Paras 19-30.

2. Toddy.

The figures for toddy, on the other hand, as regards the total number of tree tapped, the quantity and the incidence of consumption, show a small decrease, probably due, as noted by the Excise Commissioner, to the continued prevalence of plague in the rural parts of the State.

Para 32.

The attempt to raise date plantations by dibbling seeds has as yet not proved successful. The experiments will be continued in more suitable localities.

Paras 34to37.

3. Country Malt Liquors.

Two new taverns were opened on the Gold Fields for the sale of Country Malt Liquors. As a consequence the con-

consumption of country beer rose from 7848 gallons to 33,221 gallons and the receipts from Ps 2300 ~~and~~ odd to over Ps 27,000.

4. Intoxicating Drugs. Para . 41.

Steps have been taken to improve the cultivation of ganja within the State, undertaken by Messrs Bajjanna and Maiganda Deva Modaliar.

5. Financial Results. Paras 54 to 57.

The gross receipts amounted to Rs3784294-8-8, as against Rs 3566453-4-4 in the previous year, leaving a surplus of over 34½ lakhs after deducting all expences. The incidence of total Excise Revenue per head of population was Ps 0-11-1 as against Rs 0-10-5 in the previous year.

6. Offences against Excise Revenue. Paras 58-60.

Including the number of cases dealt with departmentally, 718cases were tried during the year under report, as against 662 in the previous year. In his report for the previous year the Excise Commissioner laid stress on the inadequacy of sen-

sentences passed by Magistrates in cases of Excise offences. It is hoped that there has been an improvement in this direction.

7. Inamdars' claim to toddy revenue and Lists of Date Reserves.

Paras 31-33.

7. Orders have been issued in all the cases referred to as pending, of claims of Inamdars to toddy revenue, and instructions conveyed for the revision of lists of Date Groves.

8. Notice of Officers.

8. The results of the working of the Department during the year under review are creditable to the Excise Commissioner. The Government will be glad to see an account of the inspection work done by the Excise Commissioner himself noted. in his future reports.

Office Draft.

Progs. of the Govt. of H.H.the Maharaja of Mysore.

Read:-

The Annual Excise Administration Report for the year 1902-3 received with the Excise Commissioner's letter No. 3699/170 dated 2nd November 1903.

Order thereon:- No. 602-11 / 4472-1903

Dated Bangalore, 9th March 1904.

Government note with approval that the present report has been curtailed considerably and submitted within due date.

Paras 4&7. 1. Arrack.

There was an increase of about 26 per cent in the quantity of spirits transported to the Bonded Depots ~~from this~~ from the Central Depot.

Paras 9&10. The ratio of shops to population and area was almost the same as in1901-02 and, as usual, was highest in Bangalore City and the Kolar Gold Fields. There was a small increase of six in the number of separate shops.

In the sale of spirits from the Distillery and Bonded Depots, there was an increase of about 30,000 gallons over the previous year, which is attributed mainly to the increased prosperity of the season and the cheapness of food grains. Para 11.

On the Kolar Gold Fields it was found necessary to fix the retail price of arrack at 2 annas per Mysore dram, in order to prevent vendors from selling at such exorbitant rates as 2½ or 3 annas per dram, as they had been doing previously.

The incidence of consumption per head of population rose from 2·8 drams in the previous year to 3·1 drams. There was a general increase in all the Districts, but notably on the Gold Fields, where the incidence of consumption rose from 77·5 to 101·4 drams, and that of taxation from Rs 9-15-11 to Rs 12-8-10, per head of population. Para 12.

2. Toddy. Paras 19-30.

The figures for toddy, on the other hand, as regards the total number of trees tapped, the quantity and the incidence

incidence of consumption, show a small de-
crease , probably due , as noted by the
Excise Commissioner , to the continued pre-
valence of plague in the rural parts of the
State.

Para 32. Date Plantations.

The results so far have not on the whole been satisfactory. Persistent and strenuous efforts should however continue to be made at a reasonable cost in places where there is a dearth of spontaneous growth sufficient to meet local require - ments.

Paras 34to 37. 3. Country Malt Liquors.

To meet a real demand two new tav-
erns were opened on the Gold Fields for the
sale of Country Malt Liquors. As a conse-
quence the consumption of country beer rose
from 7848 gallons to 33,221gallons and the
receipts from Rs 2300 odd to over Rs 27,000

Para 41. 4. Intoxicating Drugs.

Arrangements have been made to grow
in the State itself the Ganga required for
local consumption.

5. Financial Results. Paras 54-57.

The gross receipts amounted to Rs 37,84,201-8-8 as against Rs 35,66,453-4-4 in the previous year, leaving a satisfactory surplus of over 34½ lakhs after deducting all expenses. The incidence of total Excise Revenue per head of population was Rs0-11-1 as against Rs 0-10-5 in the previous year.

6. Offences against Excise Laws. Paras 58-60.

Including the number of cases dealt with departmentally, 718 cases were tried during the year under report, as against 662 in the previous year. In his report for the previous year, the Excise Commissioner laid stress on the inadequacy of sentences passed by Magistrates in cases of Excise offences. It is hoped that there has been an improvement in this direction.

7. Orders have been issued in all Paras 31-33.
the cases referred to as pending, of claims of Inamdars to toddy revenue, and instructions conveyed for the revision of lists of Date Groves.

8. The results of the working of the Department during the year under review are creditable to the Excise Commissioner. The Government will be glad to see an account of the inspection work done by the Excise Commissioner himself noted in his future reports.
